

AQUAEL

Ultra Heater Day & Night

Sensitive at day and at night

The **Ultra Heater Day&Night** heater will keep the aquarium water at a precisely constant temperature around the clock, or reproduce the diurnal amplitude as in natural aquatic ecosystems.

Ultra Heater

Day & Night

Smart Heating System is a technology for the intelligent setting of heater power

Wide-range electronic precision thermostat $\pm 0,25^{\circ}\text{C}$

Uniform heat distribution

A modern, flat shape

Fully electronic as there are no mechanical components susceptible to failure in the thermostat

Functional double-sided hanger

Shatterproof housing

Built-in thermal switch

Displays the current tank temperature

Clear indication of the preprogrammed temperature

Ultra Heater
