Leddy Smart BT

The new face of light

CONTROL VIA
BLUETOOTH APPLICATION

AQUAEL BT

Leddy Smart BT

Lighting

A small aquarium light with efficient LEDs.

Suitable for nano aquariums with a capacity of 10 to 50 l and a height not exceeding 35 cm.

The lamp is visually light thanks to its minimalist design without unnecessary elements.

The lighting parameters are set in a dedicated application (AquaEL BT) for your phone or tablet

CONTROL VIA BLUETOOTH APPLICATION **AQUAEL BT**

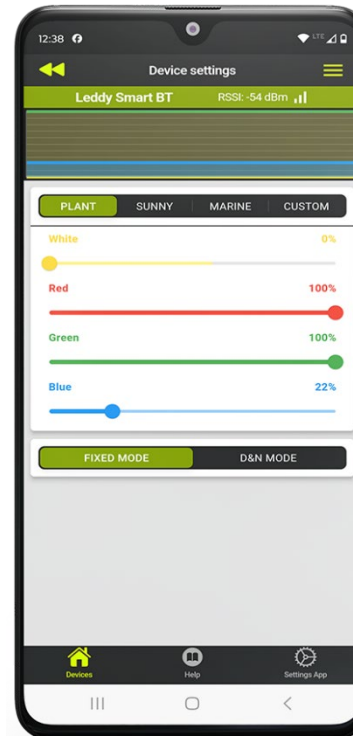

Control one light without one switch? It's possible with the Aquael BT app on your phone or tablet!

Bluetooth technology allows you to connect to any number of lights. Conveniently and comfortably program and change the parameters of the lights as they will be during the day and night.

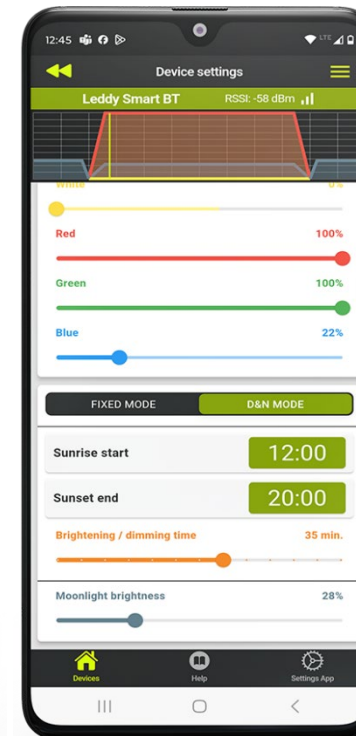

Turn your mobile device into an aquarium lighting management console.

Conveniently control the lamp on a mobile app

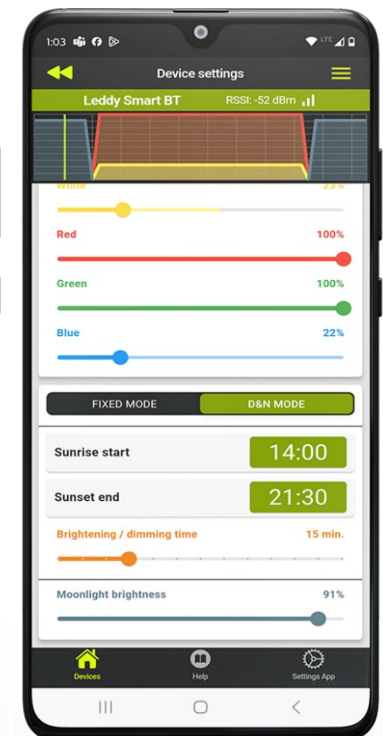

Three fixed lighting modes and a Custom mode

Smart Day&Night mode

Night mode – moonlight

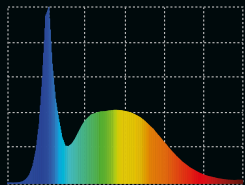

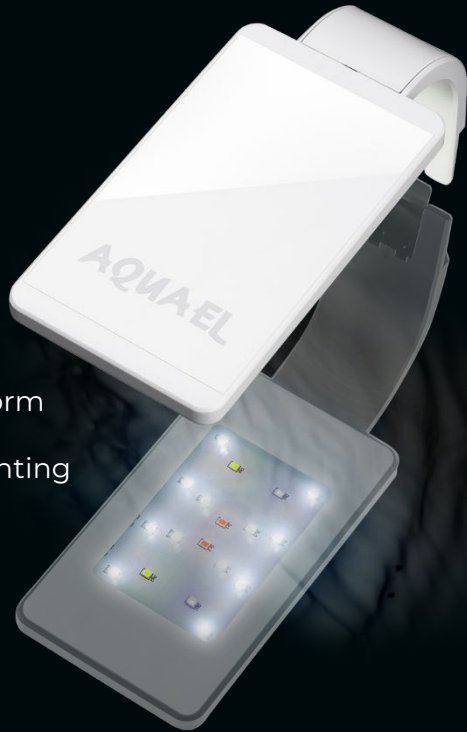

Leddy Smart BT

Fixed modes

Leddy Smart BT has three fixed light modes. Universal daylight Sunny, Plant - ideal for good plant development, and Marine mode - for demanding tanks.

SUNNY

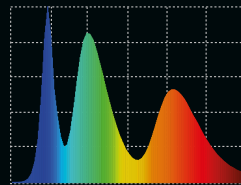

strong, uniform Daylight; for universal lighting aquariums

diodes: ●
color temperature: 7000 K

PLANT

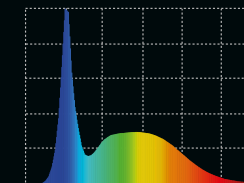

Light mix ideal for plants; the addition of green light enhances the color of the plants

diodes: ●●●
color temperature: 9000 K

MARINE

cool, blue light

diodes: ●●
temperatura barwowa: 10000 K

Leddy Smart BT

Tryby dodatkowe

In addition to the fixed modes, you can choose custom settings. Custom mode lets you set the color mix yourself. The Moon option allows you to adjust the moonlight and enjoy the soft lighting even at night.

CUSTOM

customize color and performance to suit your own needs

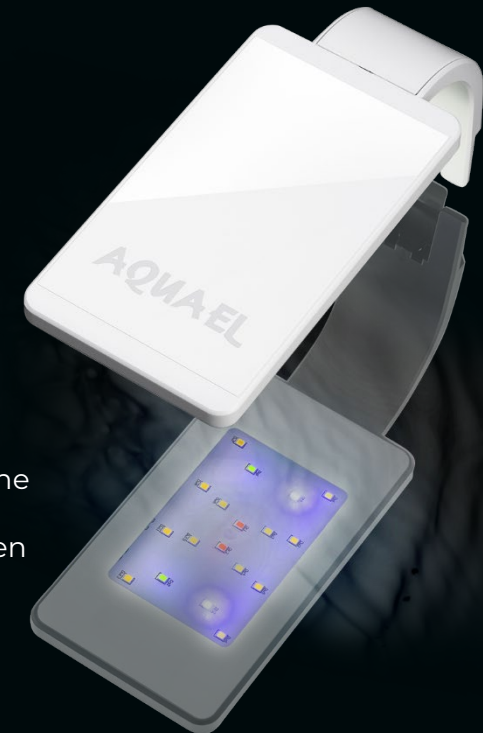

diodes:

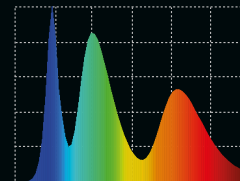

MOON

you can adjust the moonlight power; such a mode allows the observation of the underwater world even after dark

AQUAEL

Aquael BT Application

All functions in one mobile app

We strive to keep up with the latest technological solutions. That is why we propose to make the maintenance of your aquarium easier with **Aquael BT App**.

Remote control of your aquarium lighting, heating and filtration!

Communicate with your aquarium equipment via your smartphone or tablet using Bluetooth technology.

The app can also control multiple lamps and filters at the same time, as well as share access between other people.

Aquael BT App

Settings personalisation

Use the Aquael BT App to tailor the operation of the units to the individual needs of your aquarium!

Set filter flows and modes, lighting intensity or heating temperature – all in a user-friendly way with simple gestures on the screen. Follow the natural diurnal rhythm using your smartphone or tablet.

It's all about Custom mode!

Gain precise control over the processes taking place in your aquarium. Take advantage of the technological innovations to make your aquarium an oasis of perfect balance.

Aplikacja Aquael BT

Leddy Smart BT

The new face of light

Easy and intuitive adjustment of light intensity, colour temperature and lighting time

Fixed modes: SUNNY, PLANT, MARINE
